Report of Principal and School Improvement Council

This year we have achieved another milestone in student achievement: we increased state test scores by 12% and decreased the achievement gap between white students and African American students by 40%. Not only are we increasing student achievement levels every year, but we are also expanding opportunities for students to develop as well-rounded young adults. Our art, band, chorus and orchestra programs are consistently ranked as superior. We instituted a club period twice monthly that offers everything from jewelry making and shark studies to chess playing and guitar hero.

Our Women In Charge: "Engineering Women's Lives" program was established to increase interest in science and math careers for low and middle-income female students at Moultrie Middle School. The program is a two-year science and math course for female seventh and eighth grade students. The program features goal setting, team work, and learning from NASA and MIT engineers, and Clemson professors.

Sixth grade teachers integrate the environment into every component of the curriculum. Taking trips to Capers Island, studying water quality, crab traps, and migration of sea turtles, are just a few of the projects undertaken by these excited sixth graders. A Donna Bates Environmental grant was awarded to our 7th grade teachers who developed a traveling exhibit of student photographs of our natural and social systems to all 17 schools in the East Cooper area.

Our fine arts department continues to excel at concert festivals and our spring art auction. Over two hundred students perform in our chorus earning superior ratings at every venue, and our band and jazz band garner top awards in their performances. Moultrie Middle School band was honored to be chosen to play for the South Carolina Music Directors conference this past spring.

We are well aware that we must continue to increase the numbers of students at the Proficient and Advanced levels of South Carolina's Palmetto Assessment of Student Success (PASS) to reach 100% proficiency by 2010, the goal set by the state. According to the National Assessment of Educational Progress, Moultrie ranks in the 92nd percentile nationally in English Language Arts.

National History Day prepares our students for high school level research. They write thesis statements and research papers and we always have students win top honors in the state and go on to compete in the national competition at the University of Maryland.

Listed in the Great Schools website as a top ranked school with a perfect ten score out of ten, Moultrie Middle School continues its tradition of excellence in the district, the tri-county area, the state, and the nation.
